Our culture is our weapon. It is what we fight and die for. The culture is stronger than tanks in protecting our identity. Tanks enter the battle when there is a lack of culture. Today, we can fight only on the diplomatic front, strengthen the voice of Ukraine through films, create intercultural dialogue, and diplomatic ties, promote tolerance and evoke empathy for the pain and joys of our long-suffering country — do everything for the victory of light over darkness. We sincerely thank our Polish colleagues for their help, cooperation, hospitality, and the opportunity to “speak” through films. A friend in need is a friend indeed. Thank you for your friendship. We appreciate it and will never forget it. We believe that next year there will be the opportunity to welcome you in peaceful Ukraine, in Bolhrad, with the bitter bread of what we experienced, rock salt, and Bessarabian strong sweet wine of victory.

TETIANA STANIEVA

FESTIVAL DIRECTOR

MEGOGO is rooting for the success of Ukrainian cinema, so we are always looking for opportunities to support our colleagues. This year, the OKO ethnographic film festival will be held in Poland. We are proud of our partners who do not give up, do not cancel events, but continue to present Ukrainian cinema to the world. I am sure that our beautiful neighbors will highly appreciate the festival program and fall in love with Ukrainian culture.

INTERNATIONAL ETHNOGRAPHIC FILM FESTIVAL

OKO is a young Ukrainian film festival that takes place in the beautiful southern Ukrainian region of Bessarabia. It is a celebration of ethnographic and anthropological documentaries, during which the audience will feel the heartbeat of small and large nations, and get acquainted with the diversity of cultures, traditions, beliefs, and ways of life.

OKO is a multicultural event where filmmakers, folklorists, anthropologists, and ethnographers will be able to meet each other, share ideas, and agree on future cooperation. The main mission of the OKO International Ethnographic Film Festival is to promote peace and tolerance through education, public discussions, and efficient networking.

Passionate about cinema, the OKO team believes that discovering each other through films is the best way to start making the world a better place!

THE COMPETITION PROGRAM IS COMPOSED OF **8 FEATURE** AND **16 SHORT** DOCUMENTARY FILMS. **4 UKRAINIAN** FILMS WILL BE SHOWN IN A SPECIAL NATIONAL PROGRAM.

Besides, a special Ukrainian Corner will be organized at the Ethnographic museum of Toruń.

 + **EnergaCAMERIMAGE**

Because of the ongoing war in Ukraine, in 2022 OKO takes place in Toruń, Poland, within the framework and with the support of the EnergaCAMERIMAGE Film Festival of the Art of Cinematography.

PANEL DISCUSSION

10⁰⁰–11⁰⁰ Preserving National Heritage in Times of War

Starting from February 24, 2022, numerous Ukrainian institutions suffered from military attacks. National archives, libraries, and museums have been partly damaged or, in some cases, completely destroyed. Many unique exhibits and places were lost forever.

Among the targeted institutions were Hryhorii Skovoroda National Museum, Kuindzhi Art Museum, Vasily Tarnovsky Museum of Ukrainian Antiquities, Mariupol Drama theatre, and Sviatogorsky Cave Monastery. During our panel discussion, we will talk about the Ukrainian experience of preserving national heritage, disaster fundraising, and the digital possibilities for cultural institutions in times of war. Speaker: Sebastian Majstorovic, an expert in digital history, co-founder of SUCHO (Save Ukrainian Heritage Online)

SUCHO is an initiative of over 1,500 international volunteers who are collaborating online to digitize and preserve Ukrainian cultural heritage. Since the start of the invasion, SUCHO has web-archived more than 5,000 websites and 50TB of data of Ukrainian cultural institutions, to prevent these websites from going offline. The websites range from national archives to local museums, from 3D tours of churches to children's art centers.
